Introduction of speakers

Yoshifumi Yasuoka
Auditor, Research Organization of Information and Systems (ROIS) SATREPS Program Officer, Japan Science and Technology Agency (JST)

He was with the National Institute for Environmental Studies, serving as researcher, senior researcher and section head in Environmental Information Division. At the NIES last two years he served as a director of the Center for Global Environmental Research. He moved to the University of Tokyo as a Professor at the Institute of Industrial Science and at the Faculty of Engineering. He served as an Executive Director again at the National Institute for Environmental Studies. He is also a Professor Emeritus of the University of Tokyo. His major research field is remote sensing, GIS and spatial data analysis for environment and disaster assessment. He was a president of Japan Remote Sensing Society.

Kellina M. Craig-Henderson, Ph.D.
Director of NSF’s Tokyo Regional Office

She graduated from Wesleyan University in Connecticut before earning an M.A. at the University of Chicago as well as an M.S. and a Ph.D. in Psychology from Tulane University in New Orleans, Louisiana. Before undertaking fulltime federal service, she served on the faculty at the University of Illinois in Champaign-Urbana. This was followed by an appointment in the Psychology Department of California State University, and appointment and promotion to the rank of full professor at Howard University. Dr. Craig-Henderson is passionate about broadening the participation of underrepresented groups, and has been involved in a number of national and international activities that share this focus.

Shoichiro Asada
Senior Vice President; Fellow Defense & Space Integrated Systems Mitsubishi Heavy Industries, Ltd. President, the Japanese Rocket Society

Mr. Asada studied space technologies and obtained a Master of Science degree from University of Tokyo in March 1980. From 1980, he started work at Nagoya Aerospace Systems, MHI as a structure engineer for Japan’s main launch vehicles, H-1, N-1, N-2, H-1 and H-2. Since 1990, he had been engaged in the Japanese Space Shuttle program, HOPE-X, for 10 years. During this period, he adopted a primary role of accomplishing Japan’s first re-entry experiment—Orbital Reentry Experiment (OREX), in 1994 and was assigned as program manager of the HOPE-X program. In 2003, after governmental decision of privatization of the H-2A and selection of MHI as a prime contractor, he was assigned as the head of the H-2A Launch Services Office in Nagoya. He became the General Manager of the Space Systems Department of Aerospace Headquarters in Tokyo in 2007, where he was in charge of the overall business development of space activities as well as sales and marketing for launch services by H-2A. His most recent position was Vice President & Senior General Manager of Space Systems and head of the Space Strategic Business Unit (since April 2011), where he was responsible for the overall space business activities in MHI.

Motoko Uchitomi
Manager, Legal and Compliance Division, Japan Aerospace Exploration Agency (JAXA)

She joined JAXA after graduating Law Department, University of Tokyo. She earned a master degree of international law at Leiden University, Netherlands. She teaches at University of Tokyo and Keio University. She is qualified as Small and Medium Enterprise Management Consultant.

Naoko Yamazaki
Astronaut

Yamazaki earned a Master of Science degree majored in Aerospace Engineering from the University of Tokyo in 1986, then started working for Japan Aerospace Exploration Agency (JAXA). In 1999, she was selected as an astronaut candidate and was qualified as a Soyuz-TMA Flight Engineer in 2004 and NASA Mission Specialist in 2006. On April 5, 2010 Yamazaki was onboard Space Shuttle Discovery on the crew of STS-131, an assembly & resupply mission to the International Space Station. She retired from JAXA in 2011 and has been serving as a member of Japan Space Policy Committee and an adviser of Young Astronaut Club (YAC), etc.

Tanja Masson-Zwaan
President, International Institute of Space Law (IISL)

She graduated from Wesleyan University in Connecticut before earning an M.A. at the University of Chicago as well as an M.S. and a Ph.D. in Psychology from Tulane University in New Orleans, Louisiana. Before undertaking fulltime federal service, she served on the faculty at the University of Illinois in Champaign-Urbana. This was followed by an appointment in the Psychology Department of California State University, and appointment and promotion to the rank of full professor at Howard University. Dr. Craig-Henderson is passionate about broadening the participation of underrepresented groups, and has been involved in a number of national and international activities that share this focus.

Noriko Shiomitsu
Director, Gender Equality Office, Japan Aerospace Exploration Agency (JAXA)

In 1984, she graduated Science Department, University of Tokyo, and joined Science and Technology Agency (now, Ministry of Education, Culture, Sports, Science and Technology (MEXT)). She earned a master degree of public policy at Harvard J.F. Kennedy School of Government in 1990. She served as Director, Office of Research and International Cooperation, Space Policy Division, MEXT; Professor, Nara Institute of Science and Technology; Director, Division of Research, Gender Equality Bureau, Cabinet Office; Professor, Special Advisor to the President, Ochanomizu University; Director, Department of Science and Technology System Reform, Japan Science and Technology Agency (JST), etc.. She was awarded by the Society of Japanese Women Scientists for her service to promote women scientists in 2007. She is an author of “How to Get Research Funds.”

Erdenetsogt Sarantogos
Minister Counsellor/Deputy Chief of Mission, Embassy of Mongolia in Japan

She graduated School of Foreign Services, National University of Mongolia before earning Master of Arts in International Relations, Graduate School of Asia-Pacific Studies, Waseda University and Master Degree of Applied Economics from School of Economics, University of Adelaide, Australia. She joined Ministry of Foreign Affairs of Mongolia in 1997. 2002-2004 Third Secretary, Department of Policy Planning, Information Monitoring and Evaluation, Ministry of Foreign Affairs of Mongolia; 2004-2007 Third Secretary, Embassy of Mongolia in Tokyo; 2007-2009 Second Secretary, Asia Department, MFAT; 2010-2012 First Secretary, Department of Strategic Planning, Analysis and Evaluation, MFAT; 2012-2014 Economic Counsellor, Embassy of Mongolia in Japan.
